Mega Lock

MEGA-LOCK is a solid black or natural black mat available in a variety of interlocking pieces to fit any need. Made of the same heavy-duty material as our Athletic Mat, our state of the art cutting system provides a virtually seamless appearance.

"We love the MEGA-LOCK flooring... It is a real top-of-the-line product. We've received tremendous response on this flooring in the commercial market as well as residential usage. I've personally chosen it for my workout room at home."
