**A Fitness industry staple,
the ISO1000 and ISO7000 Upright Bikes
are built to withstand years of heavy use
in a commercial gym environment.**

FEATURES of the ISO1000 Upright Bike:

- Comfortable seat with indexed height and horizontal adjustments
- No minimum pedal RPM, ideal for rehabilitation and deconditioned users
- User-friendly contact heart rate allows user to monitor heart rate during exercise
- Control panel adjustable in .1 increments with 200 levels of resistance
- Resistance system - 3 phase combination generator and eddy current brake with resistance output of 5 to 2000 watts
- Professional, three-piece crank system for added durability
- Belt driven for quiet and smooth performance
- Iso-Strength mode
- Workload dependent or independent of pedal speed
- 3 years parts / 1 year labor warranty

ISO1000

SPECIFICATIONS for the ISO1000 Upright Bike:

Model: ISO1000

Size: 55" High x 43" Long x 23" Wide

Weight: 114 lbs

Power: Self-generating with battery backup and optional 12V wall pack transformer

Color: Silver frame with metallic gray covers

ISO7000

FEATURES of the ISO7000 Upright Bike:

- Bi-directional resistance allows user to exercise reciprocal muscle groups. Ideal for overall balance of exercise. Also ideal for therapy and sports performance settings.
- Oversized (No.40) chain drive to accommodate extremely heavy workloads.
- Control panel adjustable in .1 increments with 200 levels of resistance.
- Comfortable seat with indexed height adjustment
- Resistance system -3 phase combination generator and eddy current brake with resistance output of 5 to 2000 watts
- Professional, three-piece crank system for added durability
- User-friendly contact heart rate allows user to monitor heart rate during exercise
- No minimum pedal RPM, ideal for rehabilitation and deconditioned users
- Workload dependent or independent of pedal speed
- 3 years parts / 1 year labor warranty

ISO7000

SPECIFICATIONS for the ISO7000 Upright Bike:

Model: ISO7000

Size: 55" High x 51" Long x 23" Wide

Weight: 147 lbs

Power: Self-generating with battery backup and optional 12V wall pack transformer

Color: Silver frame with metallic gray covers

PROGRAMS:

- **Manual** - One button Quick Start
- **Heart Rate** - Set target heart rate and the machine adjusts the workload to maintain target heart rate (Polar-compatible transmitter optional)
- **Constant Work** - Set watts and the bike maintains constant workload independent of speed
- **ISO-Strength** - Allows user to maximize workload at a fixed RPM, a key ingredient for sports training. Ideal for therapy settings as well, where fixed RPMs are desirable
- **Random** - Infinite number of program profiles
- **Hill Profiles** - 6 profile programs with over 20 levels of intensity

Bi-directional Resistance - exercise reciprocal muscle groups. Great for variety and overall balance of exercise.
