ISO7000R

The ISO1000R and the ISO7000R Recumbent Bike is a must in any club. SCIFIT®'s exclusive step-through seating makes getting on and off the machine quick and easy.

FEATURES: ISO1000R Recumbent Bike...

- Exclusive **step-through seating** makes getting on and off the machine quick and easy
- Comfortable, oversized recumbent seat offers a solid foundation that eliminates rocking and instability found on other recumbent bikes
- Resistance system -3 phase combination generator and eddy current brake with resistance output of 5 to 2000 watts
- Professional, three-piece crank system for added durability
- User-friendly contact heart rate allows user to monitor heart rate during exercise
- No minimum pedal RPM, ideal for rehabilitation and deconditioned users
- Workload dependent or independent of pedal speed
- 3 years parts / 1 year labor warranty

FEATURES: ISO7000R Recumbent Bike...

All of the features of the ISO1000R, plus...

Bi-directional resistance allows user to exercise reciprocal muscle groups. Ideal for overall balance of exercise. Also ideal for therapy and sports performance settings. Oversized (No. 40) Chain drive to accommodate extremely heavy workloads.

ISO7000R
Featuring the optional
swivel seat

Bi-directional Resistance - exercise reciprocal muscle groups. Great for variety and overall balance of exercise.

PROGRAMS...

- **Manual** - One button Quick Start
- **Heart Rate** - Set target heart rate and the machine adjusts the workload to maintain target heart rate (Polar-compatible transmitter optional)
- **Constant Work** - Set watts and the bike maintains constant workload independent of speed
- **Iso-Strength** - Allows user to maximize workload at a fixed RPM; a key ingredient for sports training. Ideal for therapy settings as well, where fixed RPMs are desirable
- **Random** - Infinite number of program profiles
- **Hill Profiles** - 6 profile programs with over 20 levels of intensity
