SCIFIT Ellipticals SX1000, SX7000 and SXT7000

SXT7000

FEATURES of the SX1000 Elliptical:

- Cordless design for greater versatility and convenience
- SCIFIT's patent pending TeleRail™ technology allows for full featured, commercial elliptical trainer that fits in the footprint of a recumbent bike
- User-friendly contact heart rate allows user to monitor heart rate during exercise
- Resistance system - 3 phase combination generator and eddy current brake with resistance output of 5 to 2000 watts
- Bi-directional resistance for "reverse walking"
- Isokinetic resistance for advanced workouts
- Large, ergonomically positioned hand rails for proper body positioning and maximum comfort
- No minimum RPM, ideal for rehabilitation and deconditioned users
- Workload dependent or independent of speed
- 3 year parts/1 year labor limited warranty.

Features of the SX7000 Elliptical:

All of the features of the SX1000 Elliptical, plus...

Patent pending BioFlex™ articulating footbed pivots with the users natural gait motion, resulting in better circulation and reduced foot stress, ankle strain, and over impact. Ankle stiffness and "hot spots" on the user's feet during exercise are virtually eliminated for an exceptionally comfortable exercise experience.

SXT7000

Features of the SXT7000 Elliptical:

All of the features of the SX7000 Elliptical, plus...All body exercises, incorporating upper body linear movement.

SXT7000 - 63" High, 60" Long, 30" Wide
- **Footplates:** 15" x 7" rubber cushion with front and side safety edges
- **Weight:** **SX1000:** 225lbs **SX7000:** 235lbs
SXT7000: 250lbs
- **Power:** Self-generating with battery backup and optional 12v wall pack transformer.
- **Color:** Silver frame with metallic gray covers

SXT7000

PROGRAMS:

- **Manual** - One Button Quick Start
- **Heart Rate** - Set target heart rate and the machine adjusts the workload to maintain target heart rate (Polar compatible transmitter optional.)
- **Constant Work** - Set watts, and the elliptical maintains constant workload independent of speed.
- **ISO-Strength** - Allows user to maximize workload at a fixed RPM: a key ingredient for sports training. Ideal for therapy settings as well, where fixed RPMs are desirable.
- **Random** - Infinite number of program profiles.
- **Hill Profiles** - 6 profile programs with 20 levels of intensity.
